

Trappini Trio FAQs

Does there have to be a piano on site?

No, as long as there is a power socket nearby the trio provides everything necessary for the performance.

Where are you based?

We live in the UK in Manchester, but will travel anywhere in the world.

What kind of music do you play?

Our repertoire is extensive, covering classical, jazz, pop and folk. We are happy to arrange special requests, but a small fee may apply if we have to arrange or purchase the music.

What are the trio's requirements at an event?

We ask for three chairs (without arms), some light refreshments, and parking space near the venue.

What are your rates?

Our clients have commented that our rates are very reasonable. As the total amount always depends on the duration and location of an event we recommend you get in touch for an exact quote.

Do you sing?

We are essentially an instrumental trio, but Rosy and Margit love singing as much as playing their violin/cello, and can cover classical and jazz standards on request.

What's your favourite drink?

CHAMPAGNE!
